Will my child succeed? It's a concern of every parent. In this fast-changing world, solid learning skills are vital for success in education and the rewarding careers of tomorrow. Now, you can give your child an important learning advantage. Turn your home computer into a private tutor with award-winning **Weekly Reader Software** from **Optimum Resource**.

Give Your Child a Head Start on Success!

Weekly Reader Software, featuring the widely-acclaimed **Stickybear®** series, offers programs for early learning, reading, language arts, math, science and social studies. Every program is designed to create an exceptional learning experience. Captivating graphics and lively animation hold children's attention. Varied activities and delightful rewards keep them motivated. Programs expertly introduce and reinforce skills. What's more, **Weekly Reader Software** helps young students learn how to put their skills to work. It's software that teaches children to think.

The education experts at **Optimum Resource** are now offering a **Weekly Reader** Learn-At-Home curriculum with courses at three levels: **Preschool (Ages 2-5)**, **Primary (Ages 5-9)**, and **Intermediate (Ages 9-12)**. Each course gives you six programs with guides, posters and other instructional materials.

Save Up to $120

Pay for a course in four monthly installments of **only $44.98***. This is a **savings of** up to **$120** off the price of six programs, if purchased individually. **And there's no risk** — you may return your purchase within 15 days for a full refund. Give your child a critical advantage for learning success! **Order today!**

*Plus a one-time $5.00 shipping/handling charge.
